Malaga

The very first day - 17.03.2019

We arrived, at the Malaga Airport. My first thoughts was "Wow it's warm". When we got our luggage, we went in a bus, and the bus drove us to where we should stay for a week. We walked out from the bus, and the first sights was palm trees and marble as the walking street.

We got to where we should stay the following week in Malaga. When we packed out, we went out to see the area, and it was a beautiful sight. We walked around the city but then it was time to eat. All of us was hungry, and the moment we sat down

homeless people came over to us asking for money and the waitress shout out to the homeless, they should leave us alone and let us eat.

It was a very nice and calm first day in Spain/Malaga.

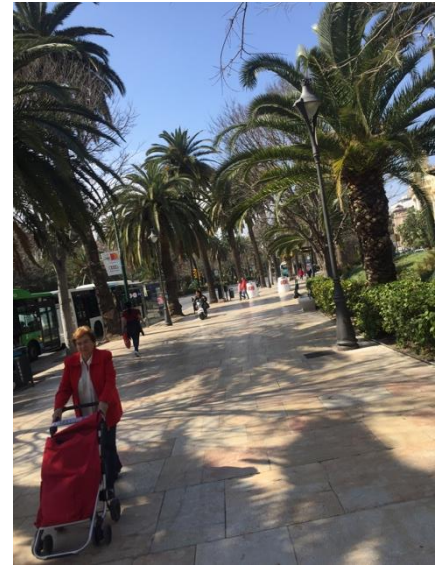

Monday - School day - 18.03.2019

We woke up at 07.30 got dress, then went down to eat some breakfast, so we would have energy to the school.

We went down to Venga Hub, where we are going to have class the following days. After the class we went home, got lunch and then we worked on our documentation for the trip.

City walk. We walked around the city of Malaga with a guide. The guide explained a lot of things about Malaga, and he was very fun as well. He showed us statues, buildings and other exiting things.

Great day in Malaga.

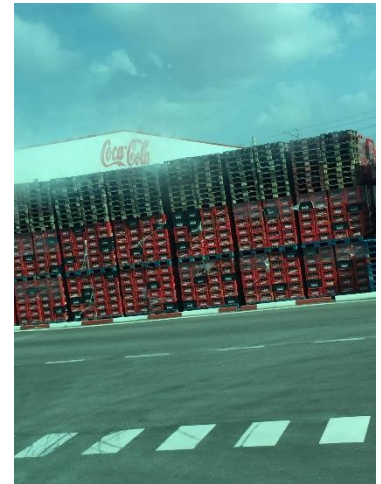

Tuesday - Coca Cola - 19.03.2019

On Tuesday we went out to the Coca Cola industry in Malaga, but before we went there, we needed to talk about, what we should ask them and talked about what we expect and so on.

It was something else to see the Coca Cola industry from the inside. Our guide/instructor told us about the company "Coca Cola". She told us, about what the company actually made, and I didn't know the most of what they owned, so the was really something.

After we got home, it was time to go to Venga Hub again from 15-18. We learned a little Spanish with Salvador. He taught us the numbers in Spanish, and some sentences from English to Spanish.

Wednesday - Spanish School - 20.03.2019

Time to go to a Spanish school. We went to a Spanish school in Malaga. Some students showed us around the school. The students were nice and calm, but it was weird to go around inside and outside the school, it was really a culture shift from Denmark. Also, they can't leave the school from they arrive to the last class is over.

After school our teachers want us student to cook diner, so we all got down to the market. We got some water, meet, bread and fruits to our dinner.

To the last we went out shopping in our free time and then I went home to work on my documentary task.

Thursday - School - 21.03.2019

Wake up, eat breakfast and then school. We had about, Spain and their position in EU. We learned a lot, about their position in EU, and, we talked about their history in the EU.

After school, we went to have lunch. When we were done with eating, we just walked around the city of Malaga. Before we went to bed, we had some free time. In the free time I those to write on some homework. But I began to feel sick, and I went early to bed, and that was Thursday.

Friday - Gibealfaro Castle - 22.03.2019

Friday, I woke up, and was still feeling sick, but I really wanted to go up to the Gibealfaro castle. So, I got myself pulled out of the bed, and walked all the way up to

the top with my class. There was a really nice view at the top of the castle, and I really enjoyed it. After being up there in a while I started to feel better, and when we walked down, I was 100% fresh again. When we arrived all the way down from the castle, we had a little break, and then we went out in the city, so we had a chance to see a lot more of Malaga. After we walked for a good hour, we had the rest of the day for us self, and I was I the mood shopping, so that was what I did.

Saturday - Restaurant – 23.03.2019

It's our last day in Malaga. I woke up, packed most of my stuff, and went downstairs to eat breakfast with the rest of the class. After breakfast we all went to Venga Hub to have our last class. In the last class we talked about "Brexit" and how the week in Venga hub was. I liked it personally a lot, I learned a lot, in just a week.

After we said goodbye, we should find something to eat. I choose to go to burger king, and burger king is a bit different, of was I know i from, in Denmark. I did not see teenagers who worked in burger king but only elder men and women.

When, our teachers had a surprise for us, they had reserved a table to us in an expensive restaurant, there was dancers and music, I had a really good time with my class.

After we had ate and came out of the restaurant, we had some spare time to our self's. I choose to pack the rest of stuff, so I was ready to leave in the morning.

Thank u Malaga, I had a great time.

Sunday – Moving day – 24.03.2019

I woke up, got in the shower, and make myself ready to leave. I packed the rest of my stuff, and went down with my baggage and ate breakfast, with my class. After we ate, the teachers should inspect the rooms, and be sure that they were like when we got them. When they were done, we got into the bus. The bus, drove us to Torremolinos, were our hotel was.

When we arrived, I went up to my room and make myself comfortable. Later on, when we had been at the hotel in some time, my teachers took us out to see the centrum of the Torremolinos.

That was basic our day, and Torremolinos, was a beautiful first sight. And from the very first day, I knew that is was going to be a great week.

Monday – Relax – 25.03.2019

I woke up, took my clothes on, got out on our balcony, and had a morning smoke. When I sat on the chair and smoked, I was watching the view over the ocean and over the city, and it was a really nice weather. I went down to have breakfast and

after we had eaten, our teachers call us all together. They said that they had change the plans, and because it was such a nice weather, they will give us a day off, just so we could relax at the pool all day.

I don't have much to tell about that day, all I did, was to lay down at the pool, and around 9 pm, Sofie, and I went downstairs to have some games at Pool. It, was a really nice, relax day.

Tuesday – Gibraltar – 26.03.2019

I had my normal, morning routine, but at 9.30 we had to be ready with our passport, packed food and water, and then it was time to go to Gibraltar. (I would just tell about the trip)

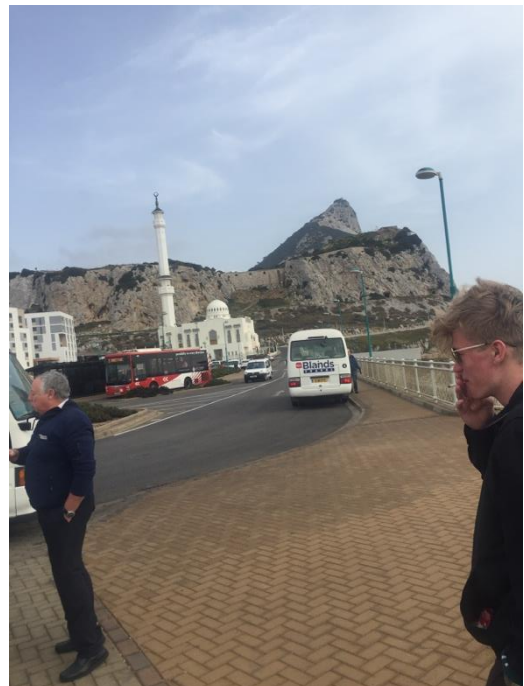

The trip:

We sat us, into a little bus, and the bus would take us to "The Rock". Our bus driver was also the tour guide, and he was a funny tour guide. He told us many jokes as example " On this trip u are going to see a lot of monkeys, not just the monkey behind the wheel" and all in the bus laugh. Gibraltar was a beautiful island to see and I learned so much about the history, and the war history.

We were driving around the city, and on "The Rock" and under it inside tunnels.

When we drove around the city, you could tell that it was an English owned island. There were telephone boxes everywhere and just the city screamed Britain.

Anyway, I Really enjoyed the trip, and I was very tired after the trip, so when we got back to the hotel I just laid down on my bed and relaxed.

Wednesday – Time on our own hands – 27.03.2019

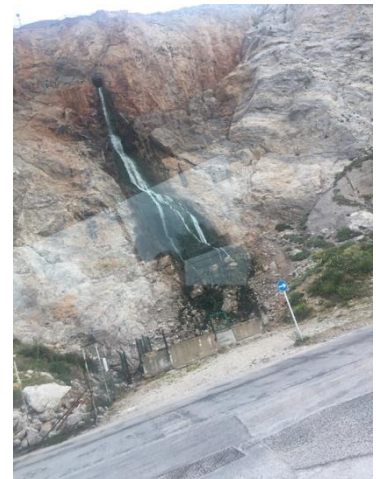

Wednesday, new day in the sun. I didn't have it so well at this day, I fell sick, and I got to feel that later on the day. But what did I do before I got sick? Well, I woke up,

took a bath and went downstairs to get breakfast. After I ate, I went down to the city with some of my classmates. We were going into shops, got some ice-cream and got into a candy shop, and that was basically my day before I went back to the hotel and got hit by sickness. And the rest of the day I was in my bed, sleeping and feeling sick.

Thursday – Home day – 28.03.2019

Thursday, my teachers woke me up, to see if I was getting any better, and I wasn't at that time. So, I stayed back at the hotel just sleeping. Until 12 a clock was, I got out of the bed, into the shower, and my friend Zenia, who also didn't feel so got ether. We went out to get some food, by ourselves and the fresh air really helped my sickness go away. We ate at a restaurant, and then we got back to the hotel. We were there and hour or 2 before the rest of the class got home. Then we were just chilling in our rooms, and at lunch time we went down to eat. After I ate, I played pool against my teacher Kenneth, and I lost, but was still funny. That was my Thursday. Didn't got to do so much, but it was still a nice day.

Friday – Chocolate industry visit – 29.03.2019

Business visit. Friday morning, I woke up, took a bath and got some breakfast. After breakfast our teachers told us that we have to 9.40 to get ready to leave from the hotel, and around 9.50 we were picked up by a bus, that drove us to the Chocolate factory. We arrived at the chocolate factory, and in there we made our own chocolate. I made a milked chocolate with nuts and coffee beans, and it tasted delicious. But before we could get our chocolate it had to dry. So, in the meanwhile we went to a restaurant nearby and ate. After we ate, we went straight down to the chocolate factory to receive our chocolate.

When we arrive back to the hotel, we had spare time, and in that spare time I packed most of my stuff because, the next day, was our traveling day, back home to Denmark. After I packed, I just chilled with my friends, and went to bed.

That was my chocolate Friday.

Saturday – Denmark – 30.03.2019

I woke up at 06.00, took a shower and packed the rest of my stuff. After doing that, I went down to eat my last breakfast on the hotel, and my last breakfast in Spain.

At 7.45 we got picked up by the bus, the bus drove us to the Airport, at 08.30 we checked in, the airport.

10.30 we got in the airplane, and 10.45 we were in the air. In the plane I didn't do anything else then sleep and listen to music so the time will go fast.

14.15 we arrived at Kastrup Airport. We got out of the plane, walked down to the luggage carousel to get our luggage. After all of us got our luggage, we were assembled to round of and finish the trip jointly.

It was an amazing trip, with my class and it was a really learning trip. I enjoyed it, and it was a great I had, first time in Spain.
